Remarks

Summer entertaining is easy with the ideal layout of this very spacious multi-level. There is a 24' fireplaced living room that flows through the dining room to the open cathedral ceiling family room and then through sliders to a fabulous party-sized deck. Three good sized bedrooms plus an office that some might use as a fourth bedroom. Three full baths, including a private master bath. Gorgeous gleaming hardwood floors throughout. The 50 year roof was done in 2014. Central air, and de-leaded! Level yard for play, tucked on a quiet street in one of Wellesley's most popular neighborhoods, near Fells Market and Perrin Park. Don't miss this great house! The family room is a show stopper!
